

Nr.	Company	Address	Website	Contact	Requested external capacity/processing/supply	Activity areas of potential suppliers	Expected conditions relevant to suppliers	Other requests, requirements
1.	Diehl Aviation Hungary Kft.	H-4300 Nyírbátor, Ipari Park u. 9.	<a href="https://www.diehl.com/aviation-hungary/hu/">https://www.diehl.com/aviation-hungary/hu/</a>	Zoltán Simon Head of Procurement	Required services listed in attached list!		See attached list!	
2.	FAG Magyarország Ipari Kft.	H-4031 Debrecen, Határ u. 1/d.	<a href="http://www.schaeffler.hu">www.schaeffler.hu</a>	József Harsányi / Tool manufacturing, tool preparation manager Gábor Rácz / Purhaser	<p>1. Flame soldering: (hard soldering)</p> <ul style="list-style-type: none"> <li>• For individual production, for variable parts (generally hard metal – soldering of tool steel)</li> </ul> <p>2. Machining:</p> <ul style="list-style-type: none"> <li>• CNC turning, (hard processing, as well)</li> <li>• CNC milling,</li> <li>• CNC grinding,</li> <li>• Profile grinding,</li> <li>• Flat-, mantle-, coordinate- and bore grinding,</li> <li>• Wire EDM,</li> <li>• Polishing.</li> </ul> <p>3. Heat treatment: (until D900, or 900x900x900 mm)</p> <ul style="list-style-type: none"> <li>• Vacuum tempering,</li> <li>• Case hardening,</li> <li>• Venting,</li> <li>• Other heat treatment technologies in full cross section (for tool steels.</li> </ul> <p>3. Sheet metal processing (LV 0,5 – 20 mm)</p> <ul style="list-style-type: none"> <li>• Laser cutting,</li> <li>• Water cutting.</li> </ul>	<p>2511 - Production of steel constructions</p> <p>2561 - Surface treatment</p> <p>2562 - Metal processing</p> <p>2573 - Production of tools</p> <p>2841 - Production of machine tools</p> <p>3311 - Maintenance of processed metal products</p>	<p>Preparation of offers, preliminary calculations, Order handling, order confirmations, Online, dedicated contact keeping, CAD data processing ability, Production planning, supervision of capacity locations, Quality management / availability of measurement capabilities, supervision of control devices, measurement protocol, Product identification, Ensuring and independent coordination of logistics, Openness in problem-solving, in realisation of process development projects.</p>	Availability of references
3.	HAJDU Hajdúsági Ipari Zrt.	H-4243 Téglás, külterület 0135/9	<a href="http://www.hajdurt.hu">www.hajdurt.hu</a>	Gábor Kerti Supply Chain Manager	<ul style="list-style-type: none"> <li>- laser cutting</li> <li>- metal cutting and milling</li> <li>- welding</li> <li>- pickling</li> <li>- tool manufacturing</li> <li>- injection moulding (up to 1000t pressing power)</li> <li>- vacuum forming (500x250mm and D660)</li> <li>- bottle blowing from PP material</li> <li>- vulcanization, rubber manufacturing</li> <li>- production of electronic panels, printed circuits</li> </ul>		<p>Quality Management System (ISO 9001, ISO 14001, etc)</p> <p>At least 3 years' experience in production.</p>	Strong financial background
4.	Krones Hungary Kft	H-4025 Debrecen, Széchenyi u. 31.	<a href="http://www.krones.com/hu-hu/">www.krones.com/hu-hu/</a>	Torben Brodersen Head of Supply Chain Management	Sheet metal, turning-milling, welding, surface treatment mostly experienced in stainless steel production.		Experience in stainless steel processing.	
5.	MANZ Kft.	H-4031 Debrecen, Határ u. 1/C.	<a href="http://www.manz.com">www.manz.com</a>	Vad Levente Head of Sales, Purchasing and Engineering	<ul style="list-style-type: none"> <li>-Welding structure production / MIG-MAG-TIG</li> <li>-CNC machined parts (Turning, milling) - small-big parts</li> <li>-Sheet metal production (laser-, plasma-, flame cutting, Bending)</li> <li>-Powder painting, solvent painting</li> <li>- Surface treatments (Anodizing, galvanizing, oxidizing, nickeling, heat treatment... etc)</li> </ul>	<ul style="list-style-type: none"> <li>- Metal-working</li> <li>- sheet metal technology</li> <li>- Surface treatment technology</li> <li>- Assembly</li> </ul>	<ul style="list-style-type: none"> <li>- Offer preparation in a short lead time</li> <li>- Order handling, order confirmation</li> <li>- Ability of work with CAD files (2d, 3d)</li> <li>- Ensuring the high quality, and dimension accuracy of the parts</li> <li>- Ability of delivery to destination</li> <li>- Product identification</li> <li>- Openness in solving problems, implementing process development projects</li> <li>- Communication ability in English or German language</li> </ul>	
6.	MEDICOR Kéziműszer Zrt.	H-4032 Debrecen, Fűredi u. 98.	<a href="http://www.medicorkm.hu">www.medicorkm.hu</a>	László Hornyacsek Production Support Manager	CNC machining, turning, traditional turning, milling, production of screws, EDM, anodising (galvan plating), heat treatment (tool steel), sheet metal forming (bending)	Production of tools, metal processing, production of fasteners, surface treatment, metal forming.	Operation of identification and monitoring system is an advantage (preferred: ISO 9001); contract supplier status	

7.	NI Hungary Kft.	H4031 Debrecen, Határ u. 1/A.	<a href="http://hungary.ni.com/debrecen">http://hungary.ni.com/debrecen</a>	Mihály Prokob Regional Commodities Manager	NIH supply and services	We are looking for Supplier for our Supply Chain in cables, metal sheet, assembly and services area.		Communication in English, can ship globally.
8.	Tungsram Operations Kft.	H-1044 Budapest Váci út 77.; Hajdúböszörmény plant: H-4220 Hajdúböszörmény, Kinizsi utca 1 Kisvárdai plant: H-4600 Kisvárdai, Temesvári utca 17	<a href="http://www.tungsram.com">www.tungsram.com</a>	Hajdúböszörmény: Viktor Bánhidi Plant manager Kisvárdai: Béla Mezei Plant manager	Surface treatment; Heat treatment; Powder painting; Sheet metal - mainly laser cutting & bending; Machining (from small to large series: cutting, turning, grinding...) Welding (precise work, certification); Hot dip coating; Transportation (daily transfer and casual); Raw material supply: metals, cables, corrugated, welding&abrasive indirect materials.	Metal processing, machining, welding; Transportation; Coating technologies;	Expected: capability to measure, measuring reports, short leadtime, reliable customer service Advantages: ISO 9001, measuring machine, production based on 3D model Certification for raw materials; General Tungsram conditions; Shipping parity: DAP (Kisvárdai or Hajdúböszörmény)
