GROWTH OPPORTUNITIES IN INTELLIGENT MANUFACTURING

Connecting People, Machines, Advanced Materials & Technology

NOW
VIRTUAL

OCTOBER 7-9, 2020 | INDIANAPOLIS, IN

Join the SelectUSA for the FDI component of *Discover Global Markets: Growth Opportunities in Intelligent Manufacturing*. Seize the opportunity to network with EDOs from across the United States. Walk away with the knowledge it takes to expand your business to the U.S. market.

Meet One-on-One with U.S. Economic Developers (EDO)

Whether you're looking to network with U.S. states and cities to determine the right fit for your company, find a new partner, or seek advice in overcoming challenges, this forum provides the unique opportunity to pre-schedule meetings with representatives from key cities and states across the U.S., including representatives from regional, local and state EDOs in: California, Georgia, Indiana, Ohio, Minnesota, New Hampshire, New Mexico, New York, Wisconsin and more!

Explore Opportunities in the U.S. Learn strategies for expanding and growing your business in the U.S.; how to build the right partnerships needed; and how to leverage market trends and opportunities across the U.S. from experts who have been in your shoes

Who Should Attend Companies who operate in the automotive, healthcare, aerospace, and energy storage industries, with a focus on manufacturing machinery, composites, electric and autonomous vehicles, next generation batteries, automation products, supply and security solutions, sensors, wearables, digital services and more.

What to Expect

- *Meet one-on-one with U.S. Economic Development Organizations (EDOs) from across the U.S.
- *Join sessions featuring FDI success stories from companies who have successfully made the jump to the U.S.
- *Gain insight on geopolitical and economic issues in key markets around the world
- *Hear from experts on how critical issues, including supply chain sustainability, workforce availability, and more impact businesses in local communities across the U.S.
- *Leverage U.S. Government trade contacts to support your FDI attraction plans
